Notes:

Federal Poverty Guidelines: 2022 Federal Poverty Guidelines (FPG) annual income levels are published in the Federal Register of January 21, 2022, Volume 87, Number 14, on pages 3315-3316.

Percentage Calculations: Annual income levels provided above for 125%-250% of FPG are derived by multiplying the FPG annual income for each family size by the appropriate percentage and rounding to the nearest whole dollar. Monthly income levels for FPG and 125%-250% of FPG are derived by dividing each annual income level by 12 and rounding to the nearest whole dollar.

Calculated and prepared by the Office of Health Planning, Georgia Department of Community Health, January 24, 2022.
